

REMARKS

Applicants submit the foregoing Response to Notice of Drawing Inconsistency with Specification to correct minor typographical errors in the Brief Description of the Drawings of the specification as allowed. At the time of Applicants submission of the formal drawings on January 29, 2002, applicants inadvertently failed to amend the description of Drawings 15a-b and 16a-b to read: "Figure 15" and "Figure 16". When the informal drawings 15 and 16 were originally prepared, they required two sheets each, thus they were labeled 15a-b and 16a-b. When the formal drawings were prepared, the draftsman was able to illustrate the drawings on one sheet each, thus the formal drawings were submitted as Figure 15 and Figure 16. The specification language contained in the "Brief Description of the Drawings" has been amended to properly refer to Figures 15 and 16 as allowed.

Applicants respectfully request entry of the present Response to Notice of Drawing Inconsistency and Substitute Specification. No new matter has been introduced.

If a telephone conference would assist the prosecution of this application, Applicants respectfully request that the Examiner contact the undersigned at (415) 781-1989.
